

## Sensory Input

These toys engage the senses in order to help children feel calm, focused, and ready to learn by exploring their surroundings.

Visual Explorers

Color Turners

Baby Crawl Mirror

Tactile Alphabet (Uppercase)

OBall Rolling Rainstick

Tactile Match Puzzle

Turtle Band Percussion Set

Tactile Alphabet (Lowercase)

## Weights and Calming

Through slight pressure, items in this category help children feel calmer, more secure, and more in control of their own senses.

Weighted Lap Blanket

Weighted Stuffed Animal

Pressure Vests (XS, S, M)

## Social-Emotional

Toys in this category help children practice recognizing emotions in ourselves and others: a key skill for navigating social situations.

Emotiblocks

Emotionoes

## Fine Motor Skills

These toys challenge children to exercise the small muscles in their hands. This is essential for many skills, including learning to write.

# Adaptive Toy Library

Introducing our new collection of sensory toys and adaptive materials! Items can be checked out for two weeks by any patron with a full access library card. To avoid lost or damaged items, please return inside at the Youth Services Desk.

Made possible through a generous grant from  
the Union County Board of  
Developmental Disabilities.
